OUR HOLD ON CHINA.

Hankow Railroad in American Hands.

And King Leopold and European Interests Desire it to Remain There.

Morgan Sees the President in Regard to Proposed Sale of Concession.

Pacific Mail Steamship Company Included in List of Those Boycotted.

BY THE ASSOCIATED PRESS—P.M.

OYSTER Bay, Aug. 7.—J. Pierpont Morgan of New York had a conference today with the President, lasting an hour and a half. The President himself is authority for the statement that it related practically entirely to the case of the Hankow Railroad in China, a controlling interest of which is owned by J. P. Morgan & Company. Incidentally, and as relating to a measure to the railroad interests held by Americans in China, the pending peace negotiations formed a topic of conversation by the President and Mr. Morgan.

Morgan came to Oyster Bay unheralded. While his visit was by appointment, nothing concerning it was permitted to leak through official sources until after he had gone. He remained for luncheon with the President and Mrs. Roosevelt and for some time afterward. The suggestion was made that Morgan's visit and that of Secretary Shaw, a little earlier, might be more than a coincidence, but it can be said authoritatively, that they had no relation with each other. Secretary Shaw and Morgan did not meet, and the purpose of their visits were entirely different.

The President and Morgan discussed fully the Hankow Railroad concession. This was not the first time the subject had been considered by the President. Several months ago the question was taken up by the President and his Cabinet, and considered thoroughly.

An effort is being made by the Chinese government to purchase the concession from the American-China Development Company, which owns the concession. The railroad is now in operation between Hankow and Canton, a distance of about thirty miles only, but the company, which is absolutely controlled by American capitalists, owns concessions and has made surveys for several hundred miles of railroad lines.

A proposition has been made by the Chinese government to the American-China Development Company to purchase the Hankow Railroad and the extension concessions. It is understood that the price offered is about \$7,000,000. Some of the American holders of the stock are inclined to accept the proposal, but the European holders, who have a minority of the stock, insist, as they claim, in the interest of various foreign countries, that the road and its concessions be not sold, but that they remain in control of the Americans. In behalf of the latter, it is argued that a railroad in the heart of China, operated by responsible and aggressive American business men, in connection with the American steamship lines, would be of enormous advantage, not only to the American producers of all kinds, but to those of the civilized world generally.

It is said that King Leopold, of Belgium, who owns some of the stock, takes this view of the situation, and is vigorously opposed to yielding to the proposition of the Chinese government. A meeting of the Board of Directors of the American-China Development Company is to be held in Jersey City on the 29th, and it is expected that at that time a determination will be reached as to the acceptance of China's offer.

No details of the conclusion reached at the conference between the President and Morgan are obtainable. No information was obtainable either as to whether they considered the peace negotiations in relation to the flotation of a Russian loan in this country, in case the envys should reach an agreement which should render it necessary for Russia to raise a considerable sum of money.

FIND INFECTION OUTSIDE CITY.

Twenty-five Cases of Yellow Fever Are Uncovered.

Scientific Fight Takes Fresh Life in New Orleans.

Prompt Response to Appeals for Funds Being Made.

(BY THE ASSOCIATED PRESS-P.M.)

NEW ORLEANS, Aug. 7.—Official report to 6 p.m.: New cases, 32; total to date, 565; deaths, 8; total to date, 132; new sub-total, 4; total to date, 97.

NEW ORLEANS, Aug. 7.—Two large foci of infection were discovered today outside the city by officers of the Marine Hospital Service.

Dr. Conner went to Diamond plantation, in St. Charles parish, to look into some suspicious cases and found six positive yellow fever cases of secondary infection, three of which were dead. They are on a sugar plantation and three of them were Italians. One was a negro.

The other point of infection is the town of Patterson, in St. Mary's parish, where Dr. Guitart found nineteen cases of secondary infection. Most of these are also Italians.

The local health boards have taken charge in both instances and are following out the directions of the Marine Hospital Service.

With the Marine Hospital Service in complete control, the scientific fight to eradicate yellow fever from New Orleans before frost took on fresh life today. With ample funds, the best available talent and an army of willing workers at his back, Dr. J. H. White, surgeon in charge, looks for a successful termination of the struggle.

Dr. White visited the State and city boards of health, where he communicated the news of the President's decision to them. Both pledge all the assistance of themselves and the forces under them to Dr. White in his un-

It is announced that the Marine Hospital Service will take up, as soon as the settlement of details permits, receiving and compiling of daily reports. An impression was prevalent in some quarters outside New Orleans that these cases occurring were not made public. This impression has been entirely unjust, but in order that there may be perfect confidence throughout the country that accurate statistical statement is being made daily, Dr. White desires that hereafter these announcements shall be made under Federal authority.

FUNDS ROLLING IN.

There was a prompt response today to the appeal of the Citizens' Committee for additional subscriptions to the fund, to the end of raising the \$250,000 desired by the government. Checks poured steadily into the office of the chairman, in addition to those of the Chairman, Janvier, took successful steps for State aid. Unsolicited checks have been sent here from other parts of the country to the fund.

An evidence of the popularity feeling in the country was found in the experience of the Cumberland Telephone Company. At Arcadia, La., the man in charge of the office fled when the fever began to spread. Local headquarters tried at once to fill the position, but the telephone men told him to come to work. It declined to take a man from Meridian. The consequence has been that business has been suspended. A similar state of affairs prevails at Baton Rouge, where a man has gone away, who is a man of commanding presence. The Baton Rouge exchange served much of the surrounding country and that section will be without communication.

The death reported on the Bell plant in the city of Meridian, Mississippi, New Orleans, is the fifth that has occurred there showing the heavy mortality from the fever where adequate treatment is not given. Five Italians died from New Orleans to this plants, and one American, who had taken the fever and succumbed. The victim has been thoroughly isolated and disinfected and every precaution will be taken to prevent subsequent infection by means of the mosquito.

Dr. Guitart of the Marine Hospital service spent the day in Southwest Louisiana investigating reports of suspicious cases.

Archbishop Chappelle was reported doing well tonight. He will pass the crisis tomorrow.

FEDERAL SERVICE IN CHARGE.

Dr. J. H. White, of the Federal service, took charge of the public health shorts before noon today, on final instructions from Washington.

Two deaths, both of Italians, occurred in the emergency hospital early in the day, and another has since occurred, the fourth person across the river above New Orleans. Two suspicious cases have been reported near Bon Ami, in Calcasieu parish, and one has since died. Owing to the suspicion of Dr. Guitart, the physician, a man physician could be sent, and the case was left in charge of the local authorities. There is also a suspicious case in St. Mary's parish.

The last vestige of the Louisiana naval brigade has returned to New Orleans.

No new case has been reported outside Louisiana for several days. Quarantine is being maintained in a strict manner, reports from the information. The quarantine at Fulton and Wickliffe, Ky., which was established Saturday, were ordered raised today.

The steamer Columbia, from Colon, which had been sent to the Gulf to Ship Island some days ago with fever among the crew, has returned to Mobile, after spending the required detention at the government station. When the ship left Ship Island all the patients at that place were on the road to recovery.

There is \$7000 on hand, raised from assessments of citizens of New Orleans. There is available enough money to go forward with the Federal plans at their present for a month or six weeks.

August has always been regarded as one of the worst months in an epidemic, and the comparatively small mortality in the mosquito comparison with other years, gives great encouragement to the authorities.

HAS FULL AUTHORITY.

Every authority wanted by the Federal bureau is assured. Adequate police power will be given the Marine Hospital surgeon. Dr. White says the medical staff and the medical corps will be placed at the disposal of the Chairman Janvier of the Citizens' Committee, will put his force at the disposal of Dr. White. Engines of the fire department are to be made available in flushing and other cleaning. Local officials are to cut no figure whatever in the struggle, and the Fed-

eral government is to have full authority.

The good of Federal control is already evidenced in the favorable condition of the situation as shown by interviews with the health authorities in near-by States.

The Louisiana parishes are already becoming more reasonable and some of them are announcing their willingness to receive goods from this city. With revival of business, New Orleans can the more readily furnish the money needed by the government.

Eight hundred men started in today on a general cleaning movement, and this force, which is largely added to tomorrow and Wednesday, when there is to be a general suspension of business for cleaning purposes. Vigorous sanitary and preventive measures are now in use in the old infected region and fire engines and steam-disefecting plants are being used in a crusade against the mosquito.

Reports from the bedside of Arch-

THE GREAT WAR.

(Continued from First page.)

sation when the distinguished foreigner failed to appear after the arrival of the train. It was soon learned that the Russians had left the train at the crossing and there was a rush toward the street leading to the Wentworth, but the foreigners were well on their way before the crowd reached the scene.

LINNIVITCH WINS CZAR.

Middle West temperatures:

PITH OF NEWS FROM THE MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Aug. 7.—[Exclusive Dispatch.] The lake breeze took a vacation today, while the mercury was industriously climbing toward high places advancing from the low point of 68 degs. at daybreak to 84 degs. at 1 o'clock in the afternoon. The Dakotas excelled in the heat line, with a maximum of 98 degs. at Williston,

and the belief was expressed that radium treatment would be ineffectual.

Dr. Harper returned this evening from Battle Creek, but at his home it was decided by Mrs. Charles Scribner Eaton, his daughter, that he was preparing for another operation.

HARRISON'S CANDIDACY.

William Preston Harrison is authority for the statement that his brother, Carter H. Harrison, again will be a candidate for Mayor of Chicago at the end of the term of Mayor Dunne. William Preston Harrison himself, it is said, hopes to be a candidate for Congress next year in the Eighth District, in which he was defeated last fall.

ELEPHANT BELABORS CAR.

A Sixty-third-street trolley car collided with an elephant tonight and the huge beast, becoming enraged, belabored the car with its trunk, causing the frightened passengers to make hurried exits. One passenger was knocked off and bruised. The elephant was being led to an amusement resort.

FAITH AND WORKS.

(BY DIRECT WIRE TO THE TIMES.)

MUSKEGON (Mich.) Aug. 7.—[Exclusive Dispatch.] Henry E. Roxana was convicted of wife beating here, this afternoon and sentenced to seventy days' imprisonment. His wife said that every meal Roxana persisted in saying enough prayers for blessing to fill an ordinary book, and that his religion was obnoxious to her. When she reproved him for praying so long, he is said to have beaten her with a club.

MUNICIPAL OWNERSHIP FAILURE.

(BY DIRECT WIRE TO THE TIMES.)

SPIRIT LAKE (Iowa) Aug. 7.—[Exclusive Dispatch.] Municipal ownership of the water and electric light plants has proven a failure, and the city will get out from under. A special election will be held to vote on the proposition of selling the plants and granting a twenty-five-year franchise.

DR. HARPER'S CANCER.

Dr. William Rainey Harper, president of the University of Chicago, it was reported today, is to undergo a second operation for cancer, and preparations thereto are said to be under way at Battle Creek, Mich. At a consultation of physicians held today, the proposed operation was consid-

The men who will talk peace.

bishop Chappelle say the venerable clergyman is slightly better. Many telegrams and some cables have been received inquiring as to the condition of the archbishop, and expressing sympathy.

HELD FOR OBSERVATION.

(BY THE ASSOCIATED PRESS-P.M.)

NEW YORK, Aug. 7.—One passenger and two of the crew of the steamer Comus, which arrived from New Orleans this morning, were transferred to Hoffman's Island for observation, all of them showing a high temperature. The steamer was declared in quarantine at 6:40 this evening.

FEVER IN MEXICO.

(BY THE ASSOCIATED PRESS-P.M.)

CITY OF MEXICO, Aug. 7.—The Superior Board of Health reports five cases of yellow fever in the republic, four at Vera Cruz and one at Coatzacoalcos. One patient died at Vera Cruz Wednesday, and another case was discovered on the same day.

RICH STRIKE AT RANDSBURG.

HIGH VALUE ORE IS TAKEN FROM BUTTE MINE.

Fourteen-foot ledge is discovered at Six-hundred-foot level, a Large Part of Which Shows Assay Values of Over Two Hundred Dollars Per Ton.

(BY THE ASSOCIATED PRESS-P.M.)

BAKERSFIELD, Aug. 7.—The biggest mining strike made in Kern county in many years has been made in the Butte Mine at Randsburg. But little is known of the extent of the strike, owing to the reticence of the owners of the property, but it has been learned on undenial authority that a fourteen-foot ledge has been struck at the 600-foot level, a large part of which shows assay values of over \$200 a ton.

The body of ore uncovered is a blind lead; in fact, practically all of the ore in the mine has been taken out and the property for some time has been worked at a loss. Confidence in the indications, however, led the owners to expend a considerable sum searching for new ore bodies, with the result

that the Butte mine lies at the northeast end of Randsburg, and there many locations on all sides which have proven to be more or less valuable.

Some time ago, the valuable ore body which has been worked showed signs of giving out, and it was believed that practically all of the bodies had been secured, but the new strike beyond question makes it one of the most valuable properties in the State.

LABOR.

ARBITRATION IS IN THE AIR.

Possible Solution of Strike on the Hill Railroads.

Conditions Improving, Nothing to Arbitrate.

A General Walkout of Iron Workers is now Ordered.

BY THE ASSOCIATED PRESS—P.M.

ST. PAUL (Minn.) Aug. 7.—Perfumeries were current today that a move had been inaugurated by the Northwestern Farmers' Exchange and Merchants' Association along the line of the Great Northern and Northern Pacific to secure arbitration of the telegraphers' strike. So far as could be ascertained, no official action in this direction has yet been taken.

President Perham of the telegraphers stated to the Associated Press that the strike had not come before him officially, although he had reports that such a movement was on foot. "The telegraphers," said Mr. Perham, "are willing to submit their grievances to any unbiased body of men, and would welcome a proposition to arbitrate coming from this source."

General Manager Horn of the Northern Pacific had heard nothing of such a proposition. "So far as the Northern Pacific is concerned," said Mr. Horn, "there is nothing to arbitrate. Conditions are improving each day, and on some divisions are almost normal. General Superintendent Slade of the Northern was equally emphatic in declaring that there was no necessity for arbitration.

So far as could be noted locally, conditions on both of the roads showed material improvement today. Train movements, particularly on the main line, seemed to schedule time when they have done for several days, and both roads are receiving perishable freight, although commission men say they are shipping it only subject to delay.

President Perham said that he still believes that Mr. Hill will take steps to end the struggle as soon as he reaches St. Paul.

SERIOUS CONDITIONS.

BY THE ASSOCIATED PRESS—P.M.

MISSOULA (Mont.) Aug. 7.—Strike conditions on the Rocky Mountain division are serious. It is true some trains are running into division headquarters but others are from four to eight hours late. Wires, commercial cables, and telephones have been broken during the last few days and Missoula has been practically isolated. Rush business has been accepted by the Western Union but flags have been working on the railroad. Perishable freight has been and is being refused by the Northern Pacific.

Yesterday, trainmen held a meeting and decided they would accept no more orders by telephone as they feel danger confronts them. Superintendent Horn has received no communication from trainmen and his report to Manager Horn at St. Paul says everything is moving here. Freight shipments are not being accepted and trains on the Bitter Root and the C. & A. L. are working carefully.

Division headquarters claim that the strike is won, but Chairman Kelly, for the operators, asks for a showdown on schedule of time demonstrated.

VERY LITTLE CHANGE.

BY THE ASSOCIATED PRESS—A.M.

ST. PAUL, Aug. 7.—There was very little change in the telegraphers' strike situation today. The Northern Pacific and the Great Northern roads continue in their attitude that the strike is broken. Both roads report increased facilities for handling their business. The telegraphers still maintain that the blockade is complete and that perishable freight, if handled at all, is being handled in small quantities.

STRIKES MAKE GAIN.

BY THE ASSOCIATED PRESS—P.M.

LUTTLE (Mont.) Aug. 7.—The telegraphers on the Northern Pacific made a distinct gain last night when the conductors on the Rocky Mountain division in meeting determined hereafter to refuse to receive train orders over the telephone or move trains by "flag orders."

Aside from another freight wreck on the Great Northern and the fact that the telegraphers are quite successful in inducing strike-breakers to leave, there are practically no new developments. Both wrecks were due to defective flanges.

The Northern Pacific trains are two to four hours late.

TEAMSTERS IN CONVENTION.

DULL SESSION AT PHILADELPHIA.

BY THE ASSOCIATED PRESS—P.M.

PHILADELPHIA, Aug. 7.—The delegates to the annual convention of the International Brotherhood of Teamsters, which began in Odd Fellows' Temple today, did nothing of general interest or of great importance; nevertheless, they had a rather busy day.

Nothing occurred during the day to indicate the sharp fight that is predicted will be made against the re-election of President Connelly of Boston. President She is opposed by Edward Gould of New York and Michael Casey of San Francisco.

Because of the non-appearance of Samuel Gompers, president of the American Federation of Labor, President She decided not to read his annual report.

HEBREWS OUT OF BREAD.

KOSHER BAKERS ON STRIKE.

BY THE ASSOCIATED PRESS—A.M.

NEW YORK, Aug. 7.—Thousands of Hebrews are out of bread on the East Side, owing to a strike of "Kosher" journeymen bakers. Reserves patrolled the streets all night to preserve order. The strikers held a meeting last night and said they were determined to remain on strike until a six-hour work day is granted. The bosses, however, say they will soon have enough non-union bakers if they can depend on police protection.

The strikers last night appointed a committee to see Acting Mayor Forman and demand police protection. They said the police Saturday night had clubbed many of their number. The police say the strike is hard to handle, as the people sympathize with the strikers and assaults on non-union men are numerous.

KEEP POLICE BUSY.

BY THE ASSOCIATED PRESS—P.M.

NEW YORK, Aug. 7.—Rioting among the striking Hebrew bakers on the lower East Side throughout the day kept the police busy, and compelled them to use their clubs freely. Most of the collisions between the police and the strikers grew out of the

strikes on the part of the latter to induce non-union men to join them. No persons were seen to be arrested, there were comparatively few arrests.

It is estimated tonight that upwards of a thousand men are on strike in Manhattan, and the leaders express the intention of closing every "kosher" bakery in the borough tomorrow and extending the strike to the Hebrew quarters of Brooklyn.

A meeting held this afternoon at the Hebrew Center on the occasion of wild excitement and disorder, many of the speakers being assaulted and hurled into the streets. An offer of mediation was rejected, the strikers demanding that they wanted no arbitration and would make no investigation of the sanitary condition of the bakeries on the East Side.

The bakers are mostly foreigners and have been compelled to work from twelve to eighteen hours on barely enough to exist; it is asserted. Much rioting resulted on the East Side to-day.

RUSSIAN SHIPS IN JAPAN'S NAVY.

TWO BATTLESHIPS AND CRUISER START FROM PORT ARTHUR.

New Torpedo-boat Destroyer is Successfully Launched at Yokosuka Navy Yard—Forty Thousand Russian Prisoners Being Transported from Sakhalin to Japan.

BY THE ASSOCIATED PRESS—A.M.

TOKIO, Aug. 7.—[By Pacific Cable] News received from Port Arthur says that the former Russian cruiser Bayan will start from that place, under tow, for Japan about August 15. The battleship Poltava and Peresvet will leave a week later under their own steam.

The torpedo-boat destroyer Tayol was successfully launched at Yokosuka today. Her dimensions and armament are similar to the class of destroyers now in course of construction at the navy yards of Japan.

The disposition of the convicts on Sakhalin Island is now under consideration. They will probably be taken to the Russian coast and will then be transferred to the Russian authorities.

Under a rearrangement, the Russian prisoners of war on the island, forty-four in number, and all, are being transported to Japan.

A vessel of the Japanese navy has rescued fourteen survivors of the crew of the British steamer Oldham. The steamer was captured by the Russians, but subsequently ran aground on Uruppo Island, where it was set on fire and abandoned. Fourteen of the crew, officers, were left on the island. The two officers secured a sailboat and started for Kamtschatka. Their fate is unknown.

DISPATCHES FROM WITTE.

BY THE ASSOCIATED PRESS—P.M.

ST. PETERSBURG, Aug. 8, 2:55 a.m.—Dispatches were received at the Foreign Office yesterday from M. Witte relating to the reception of the Russian and Japanese missions at Oyster Bay, and of the impossibility of any widespread concerning their purpose, and gossip even busied itself with the Japanese terms of peace which the dispatches were said to contain, but, according to an official of the Foreign Office, Witte denied distinctly that the question of the Japanese terms had not yet been discussed.

The evening papers devote practically their telegraphic columns to dispatches from the United States, and of course the various capitals of Europe on the prospects of peace. Even the news of the war is receiving very minor attention.

SPECIAL DISPATCHES FROM NEW YORK.

SUICIDE'S HUSBAND ANGRY.

BY DIRECT WIRE TO THE TIMES.

CINCINNATI (Ohio) Aug. 7.—[Exclusive Dispatch.] "When you read this I will be at the bottom of the river. You need not look for me. Let my darling Violet remain with my mother, and never tell her what her heart-broken mother did. I am tired, tired, tired."

Mrs. Wert protested that no mistake had been made, only to accompany the alleged check back to the bank at the same time taking out her purse and opening it. At the sight of the purse the thief snatched it and dashed down Second street.

Mrs. Wert was stunned by the boldness of the act that she was at first unable to make an outcry, nor did she recover her composure until too late to catch the thief.

Detectives are working on the case.

SMASHED THE FURNITURE.

SUICIDE'S HUSBAND ANGRY.

BY DIRECT WIRE TO THE TIMES.

MANILA, Aug. 7. [By Manila Callie.] At 7 o'clock this evening, Rear-Admiral Engquist of the Russian navy and his staff were present. Gen. Corbin toasted the President and Secretary Taft. Rear-Admiral Engquist, who was much affected, then arose and made a profound salutation.

At the same hour, Commissioner Foster had paid a visit to the residence.

At 8 o'clock, about three thousand persons attended a brilliant reception given by Gov. Gen. Wright at the palace. Those present from the highest official and most prominent citizen to the humblest and poorest were present.

Five of the seven members of the Executive Board of the International Bridge and Structural Iron Workers' Union have voted in favor of a strike against the American Bridge Company. The strike is contingent on the action that may be taken by President Frank Buchanan.

Miss Mary A. Tucker, a Providence, R. I., school teacher, has been found in the woods near Salt Lake City.

Henry Borman, a grocer at Fulton and Gough streets, San Francisco, has been held up by thieves, who beat him and then tapped the till of the place for \$12.

Mrs. Bertha Snyder of 110 Hyde street, San Francisco, was knocked down by an incoming car at the Cliff House while crossing the double tracks and sustained serious injuries.

Mr. Charles Clement Clay, contri-

butor to the San Francisco Call, was shot in the head by a man who was

drinking at a saloon.

King Oscar is leaving Stockholm in search of quiet and rest, and Crown Prince Gustav will again be appointed regent.

The Venezuelan government has placed an order at Genoa, Italy, for six torpedo-boats and one torpedo-boat destroyer.

A severe electrical storm accompa-

nied by lightning and thunder in Southern Indiana yesterday, resulting in over half a million dollars.

Henry Borman, a grocer at Fulton and Gough streets, San Francisco, has been held up by thieves, who beat him and then tapped the till of the place for \$12.

Mrs. Bertha Snyder of 110 Hyde street, San Francisco, was knocked

down by an incoming car at the Cliff House while crossing the double tracks and sustained serious injuries.

Both men were horse traders.

ATTACK WITH A PITCHFORK.

THE OREGONIAN (Portland, Ore.) Aug. 7.—A special to the Oregonian from Roseburg, Ore., says that excited by drink and angered by some race talk in his neighborhood, William Morrissey attacked Joseph Thomas with a pitchfork at the district fair grounds here today. In self-defense, Thomas shot Morrissey in the left side with a revolver, inflicting a serious wound. Both men were horse traders.

UP WENT HIS HANDS.

V. E. Robertson, clerk for the Burke

Gwynn Co., reported to the police at 1

o'clock yesterday that he had been

held up at the post office by a highwayman at Third and Clay

streets, and robbed of \$20. Robertson

lives at the Hillcrest Inn, and it was

just half way up the flight of steps

that he says the highwayman stepped

out from behind a wall and demanded

He was shot in the head by a man

who was drinking at a saloon.

Miss Georgia White, aged 17, wanted

to go to a picnic, but her mother said

she could not go. The girl became des-

perate, threw herself into a stream

and was drowned.

KEEP POLICE BUSY.

BY THE ASSOCIATED PRESS—P.M.

NEW YORK, Aug. 7.—Rioting among the striking Hebrew bakers on the lower East Side throughout the day kept the police busy, and compelled them to use their clubs freely. Most of the collisions between the police and the strikers grew out of the

WOULD BEAT SATAN WITH ROCKEFELLER.

BY DIRECT WIRE TO THE TIMES.

NEW YORK, Aug. 7.—[Exclusive Dispatch.] Mrs. Charlotte Smith, president of the Woman's Rescue League, today appealed to John D. Rockefeller for a contribution to assist in the annihilation of the white slave traffic in this city and to save Martha Clachee, in the Tomba from execution. The letter runs as follows:

"Dear Sir: The Woman's Rescue League is sending out an appeal to all wealthy citizens of the United States to help the league crush the white slave traffic in this country. We have the richest man in the world—John D. Rockefeller."

Mrs. Smith enclosed a membership ticket, and says she feels sure Rockefeller will join.

that he hold up his hands.

George Huff, who claims to work for the Hauser Packing Co., was arrested on suspicion, on answering the description given by Robertson.

PATERSON'S MISSING MAYOR.

PATERSON (N. J.) Aug. 7.—[Exclusive Dispatch.] William H. Belcher, the missing Mayor of Paterson, it is claimed, only robbed his friends light and left his home, giving his wife \$400 to invest, and lost it, probably in the Wall-Street whirlpool. The Council will offer \$2000 reward for the fugitive.

TAKES HIGH DIVE TO HIS DEATH.

UNKNOWN MAN LEAPS FROM BROOKLYN BRIDGE.

PORTLAND THIEF FIGURES IN SENSATIONAL STREET ROBBERY BY IMPERSONATING BANK CLERK LONG ENOUGH TO SNATCH PURSE OF WOMAN WHO HAD JUST RECEIVED MONEY.

BY THE ASSOCIATED PRESS—P.M.

NEW YORK, Aug. 7.—In sight of hundreds of elevated and surface-car passengers on the Brooklyn bridge, a well-dressed man, whose identity is unknown, leaped from a surface car bound for Brooklyn this afternoon and ran to the center of the bridge, ran a second and then leaped through the railing to the river below. The man's body was seen to turn three times in the air and then struck the water head foremost.

The car upon which the man was riding was stopped as soon as he left, and the motorman and a number of passengers gave chase, but reached the edge of the bridge only in time to witness the plunge. Policemen in a rowboat searched in vain for the body.

SAFETY STREET ROBBERY.

BY THE ASSOCIATED PRESS—P.M.

PORLTAND, Aug. 7.—The most sensational street robbery that has occurred in Portland in years was reported to the police today by Mrs. Louis Wert, who stated that her purse containing \$400 had been snatched at Second and Washington streets, the thief escaping in the shopping crowds.

Mrs. Wert had just left the bank, when a man, identified as a companion to the bank clerks! The teller sent me to get the money! He made a mistake in counting it!"

Mrs. Wert protested that no mistake had been made, only to accompany the alleged check back

that this school further his efforts in every way possible and we would be glad if you would assist him to the extent you are able and opportunity. He is every way worthy. He is a young man of irreproachable habits and has been handicapped from his earliest infancy by his orphan condition, having been deprived of both parents and having to battle his own way through life. All the time he has acquired up to the present has been by dint of his own perseverance and energy. Any assistance rendered him will be esteemed a personal courtesy by us and will be thoroughly appreciated by him."

MOORE-BASSETT CONTEST.

Bruce Moore, the clever cartoonist, dropped down one point Saturday, giving way to Vivian Ballou, who came in second, from a night-long trip to Chapman's ranch and in the neighborhood of Lamanda Park, where she secured four new annual subscriptions, besides others for six and three months—enough to send her score up over 7000 points and land her in the fifth place, cutting Bassett to ninth.

Vivian goes to Ocean Park to gather in the result of her friends' efforts down there and supplement their work with her own.

SACRIFICE FOR CONTEST.

William O'Connor has mastered the first 5000 points, and that means a great deal. When once the 5000 mark is passed, however, do not be quite so surprised.

William has sacrificed time to the Portland Exposition in order to continue his work of canvassing. His father goes north soon, and William was to have accompanied him, but he preferred to remain at home and work for scholarship in the loop, which is what he is aiming at. He lives on a small ranch at Florence, and graduated last year from the Florence school. Saturday he captured his first new annual subscription, but too late in the day to turn it in.

TYPICAL AMERICAN GIRL.

Meta Brunjes of Covina is spoken of as "a typical American girl" by J. L. Mathews, editor of the Covina Argus. His letter follows:

COVINA (Cal.) Aug. 4, 1905.

Scholarship Committee, The Times: None of your young contestants are working more faithfully to achieve the coveted prize of a free education, made possible through The Times' generosity. Miss Meta Brunjes of Covina, and it gives me genuine pleasure to recommend her to you and The Times to reward her. She is a typical American girl, clever, energetic and pleasing with the smile of her sweet face. She is a deserving girl of success, and at the close of the contest her name, I am confident, will be among the creditable winners.

Sincerely yours,

J. L. MATHEWS.

Regarding the particular scholarship which Meta Brunjes is working for, another writer furnishes some evidence:

COVINA, July 25, 1905.

Scholarship Committee, J. L. A. Argus: Dear Sir: It is a pleasure to recommend Miss Meta Brunjes to the readers of The Times. She is anxious to win a scholarship in one of the colleges or universities, and the energy she displays in her quest shows what she might accomplish in any work that arouses her interest.

All her study of music has been with me, and I am proud of her progress. I

believe, provide, and no mistake

be it made, offering to accompany a slight check to the bank at any time taking out her purse opening it. At the sight of the thief snatched it and dashed in Second street.

"With a start stunned by the news of the act that she was unable to make an outcry, nor did recover her composure until too

to catch the thief. The effects are working on the case.

MASHED THE FURNITURE.

HICCI'S HUSBAND ANGRY. (DIRECT WIRE TO THE TIMES) CINCINNATI (O.) Aug. 4.—[Exclusive Dispatch.] "When you read this I be at the bottom of the river. I need not look for me. Let my

ing Violet remain with my mother, Robert Walker, 55 to 54.

LANDED IN DRESS CIRCLE.

Merle Melvin took a leap forward Saturday, which landed him in the tenth row of the dress circle. These Pasadena boys and girls have a way of getting there. Merle wants a scholarship in Throop, where he can take up the study of electrical engineering, for he has a natural taste for mechanics and has been working in a tin shop. An orphan boy, he has been compelled to make his own way and left school after completing the seventh grade in the country district. He spent a short time at the Brownsville School, but, when he found that he was not adapted to a commercial life, he wisely turned his attention to something else that he had a good and worthy candidate to prove by the following open letter from the president of the Brownsville School:

"Mr. Merle Melvin has been a pupil of this school and greatly desires a broad, classical education and is working hard to win the prize of a scholarship. Now watch Naples hum—a city of red tile roofs will develop before your eyes.

Dollar Hats For Everybody

Yesterday, the first day of our Dollar Hat Sale was an enormous success—far greater than we expected. It's no wonder, though, for these are, beyond all question, the biggest hat values ever offered in this city.

Any kind, color or size of a hat you want, for only a dollar. Black and brown derbies in a wide variety of blocks, also—soft hats in endless variety—regular \$2.00, \$2.50 and \$3.00 values.

Lots of big sizes for big men.

(Store No. 1 only—117 to 125 N. Spring.)

Annual

\$10 Suit Sale at both stores. Good assortment.

Our \$10 Men's Semi-Annual Suit Sale

A suit sale that hundreds of men have been waiting for. 600 men's suits worth up to \$20 at \$10 each. A clearance of all broken lines of spring and summer suits.

All styles—all colors—all sizes up to 44 inch chest measure. Black and blue serges, fancy worsteds, cheviots and cassimeres.

Single and double breasted styles—choice materials, high-class tailoring—many of our best selling patterns from the best makers in America are included in this sale.

Men who have attended our \$10 suit sales know what kind of bargains we offer. They know such announcements as this are not to be classed with the unscrupulous advertising of firms who buy up cheap shoddy clothing to sell at a low price, and still make an enormous profit. We've made our profits—all we want is to get rid of the stock now and clear decks for Fall goods.

300 of these suits are at each store—you'll find an equally good assortment at each place. Don't let this day go by without seeing these suits.

CHILD ENGINEER'S BUSY SIDEWHEELER.

Lewellyn Marsh, the boy engineer.

Few people who rode on the steamer "Newport" on Sunday at Newport Bay gave a thought to the engineer, nor did they know that he was but a small boy of just 9 years. Lewellyn Marsh has been master of his craft for six months. His small hands and steady brain have run the boat from more than one master, and he's the pride of his father's heart. The "Newport" is a sidewheeler with a nine-foot beam and a length of forty feet, carrying sixty passengers. The boat was chartered for the bay by Hart brothers, real estate men who are selling land and building down the bay four miles from Newport. They make the round trip every two hours, and the boat always loaded.

The bay was filled with small boats, and the water like white-winged birds, many small row-boats dotted here and there over the beach.

Master Lewellyn has been fascinated with mechanics ever since he was able to talk and understand them. During school hours his beloved machinery. He has been running this steamer for six months and before that he ran an engine for a year.

WOMAN SUFFRAGISTS.

Trying to Lubricate the Friction Between County and City Organizations.

The monthly meeting of the City Woman's Suffrage Association was called to order yesterday afternoon with Mrs. Mabel V. L. Osborne in the chair. A vote of thanks was tendered Mrs. Charlotte Willis for her success in carrying out the plans for the reception given Miss Anthony and Dr. Shaw during their recent visit, and also for her hospitality to the honored guests.

The Spaulding Club gave a tea for the entertainment given on Woman's Day and for the hospitality extended the suffragists. The Woman's Press Club also received thanks for the tea given on the Cabrillo at Venice.

Mrs. Osborne gave an interesting talk on the differences between the County and City Suffrage Associations. This talk was evoked by a little disturbance which had been noted among the suffragists, considerable of the opposition seeming to start about Mrs. Bertha Hirsh Baruch, the president of the County Suffrage, because of the parlor talk which Mrs. Baruch gave, and to which her suffrage sisters were not invited in body.

Mrs. Osborne said that the work of the county association was the starting of new associations in different places, and that of the city was more localized. Of course, the county association is much larger, covering so much more territory. Still, the two are much involved, for many members of the executive board of the county association are also members of the city. Therefore the association was shown to be very close together, both working as one.

This, however, has not been the case, and as little jealousies have arisen. Mrs. Osborne and her supporters are working to bring the members of the two organizations together.

Following Mrs. Osborne, Mrs. Ada Longley gave an account of the Portland convention of suffragists, which she attended as a delegate from Los Angeles. One of the most interesting parts of her narrative was her account of the unveiling of the statue of the beautiful Indian girl, who led the Lewis and Clark expedition, and the touching and moving speech made by Dr. Shaw at the time, one which will live long in the hearts of every woman who heard.

This, however, has not been the case, and as little jealousies have arisen. Mrs. Osborne and her supporters are working to bring the members of the two organizations together.

Following Mrs. Osborne, Mrs. Ada Longley gave an account of the Portland convention of suffragists, which she attended as a delegate from Los Angeles. One of the most interesting parts of her narrative was her account of the unveiling of the statue of the beautiful Indian girl, who led the Lewis and Clark expedition, and the touching and moving speech made by Dr. Shaw at the time, one which will live long in the hearts of every woman who heard.

Mrs. Osborne said that the work of the county association was the starting of new associations in different places, and that of the city was more localized. Of course, the county association is much larger, covering so much more territory. Still, the two are much involved, for many members of the executive board of the county association are also members of the city. Therefore the association was shown to be very close together, both working as one.

This, however, has not been the case, and as little jealousies have arisen. Mrs. Osborne and her supporters are working to bring the members of the two organizations together.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Caromed Off.

Jose L. Moreno, a Mexican youth, started from an irate saloon keeper at Main and Temple streets, ran in front of a moving street car and was caromed off to the curbstone on his head. His bruises were dressed at the Receiving Hospital.

Pug Knocked Out.

B. F. Duff, an alleged coming pug, came to grief yesterday afternoon when he tried his hand on Bill Rider, a newsboy, at Seventh and Central streets. Rider did the pugnacious one up in the most approved fashion. Both were arrested, but Rider was released on his own recognizance.

New Trial Granted.

The Supreme Court has granted a new trial to the Los Angeles-Pacific Railroad Company in the damage suit brought against the corporation by Jennie Vinson. Elmer Vinson, plaintiff's husband, was killed in a collision on the defendant's railroad in 1901. The Superior Court gave her damages in the sum of \$500.

Ribs Broken.

Angie Yorke, a machinist in the employ of the Axelson Machine Co., West Ames and San Fernando streets, suffered the fracture of two ribs yesterday afternoon through being struck by the side of a front wheel of a car which was being broken up for junk. He was taken to the Receiving Hospital, where his injuries were dressed, after which he was removed to his home at No. 722 New High street.

Speaks for the Women.

Constable Graves of Chatsworth Police Department is in connection with the slaying of Jesus Corrales in that town Saturday morning. He says that the young women mentioned in the case are of good reputation and that they were not in the tent with the man, but in a house at some distance from the tent. He says that they were staying alone in the house and asked Ramon Castillo to stay over night at the tent, so they could call on him if there should be any disturbance.

Mr. Coulter Will Speak.

R. F. Coulter, of the R. F. Coulter Dry Goods Company, will address young men on "Business Principles and How to Succeed," on Tuesday evening at 8 p.m., at the Broadway Christian Church, 215 North Broadway, opposite the Hotel Roosevelt. The reputation of Mr. Coulter will undoubtedly attract a large number of men to hear this helpful lecture. Mr. Coulter when he first came to Los Angeles, to his own admission, didn't have enough to buy a hot dog. Today he is the owner of the large and ever expanding Coulter Dry Goods store on Broadway, which, when completed, will be the largest and finest establishment of its kind west of Chicago. All young men are invited to the address, and seats are free.

A Day in History.

The anniversary of the fall of Manila—next Monday—is to be celebrated by the members of the United Spanish War Veterans and others who participated in the campaign, whether they are members of the organization or not. The public celebration of the event is to be held Monday evening in Armory Hall, where an elaborate programme will be rendered. There will be music, speeches, a drill by Co. F, Seventh Infantry, N.G.C., and other features. The soldiers will be dressed in nearly as possible of the same kind of grub as was issued to the boys in the trenches before Manila will be served and after the programme there will be dancing. A number of prominent military men have been invited to attend.

This Fair?

Members of Camp Roosevelt, United Spanish War Veterans, are holding a protest to the War Department against a recent ruling with reference to the award of campaign medals. According to the law authorizing these medals, all men who served in Cuba, the Philippines, or in China between certain dates were entitled to them. When recent application was made to the War Department, it was learned that there had been a ruling to the effect that they are to be issued only to the men who are now in the military service. This ruling considered unfair and is in movement on foot throughout the United States to secure a change for the reason that comparatively few of the men now in the army were in the campaigns mentioned.

BREVITIES.

The Natick House is the most popular place in city. European-American plan dining-room, seating 1200; intelligent service; meals 25c; 21' meals, \$3. Hard bros., props.

Dr. Knupper would say to his patrons and friends that he is again ready for business, at his old stand, in the Wilson Bik.

Your eyes, consult George A. Picou, O.D., with A. E. Morro, Mfg. Optician, 42 S. Spring. Gold-filled reading glasses, \$1.50.

Benoff, Ladies' Tailor, has moved to new store, 635 S. Hill st.

Hops at Kramers close August 20.

There are undelivered telegrams at the office of the Western Telephone Company for Miss A. H. Bell, Mrs. J. W. Gregory, Geo. Denning, Mrs. J. D. Atwood, A. M. Dorich & Co., H. T. Cory, Chas. E. Anderson, L. S. Nares, Curtis Munsey, S. F. McGuire, Thomas Bell, Charlie, Wm. Clayton, Jim L. Gunion, Miss Ione Gaston, C. M. Degriff, Joe Reed, Camarillo Caxiola.

MUNICIPAL LEAGUERS.

Banquet to Clinton Rogers Woodruff, the Philadelphia Reformer Secretary National League.

"I believe that the election of an independent school board in Los Angeles last year is an indication of great progress and advancement in the city," said Clinton Rogers Woodruff last night in his speech to the Municipal League. The occasion was a banquet given to Mr. Woodruff by the league. The visitor, who is one of the Philadelphia reformers, is secretary of the National Municipal League, and vice-president of the American Civic and Social Organization. The banquet took place at the Lankershim, and was attended by a large number of local men.

Woodruff went on to say that municipal questions were increasing in importance. "One-third of the entire population of the United States lives in cities limited and 30 per cent, is under the municipal government. These are increasing all the time, in proportion to the increase in population."

"According as the feeling of the people is aroused by the exposures of corruption and as men begin to take a great interest in public affairs, so the main question of the time gets to be that of pure politics."

"Ten years ago there were only a few organizations in the interests of good government. Today there are 750 interested in public improvements and in pure and political affairs."

"We must not expect results too soon. An outburst that comes too suddenly is not always sincere. It is always good to be aggressive. It is essential to be patient. For fourteen years a number of men in Philadelphia have given their time and money toward se-

curing good government. Don't let a few set-backs discourage you."

The speaker also made a few remarks in the recent campaign against the Philadelphia machine. After his address a number of the members of the local league asked questions which were answered at length by the visitor.

PERSONAL.

Dr. G. Knupper has just returned from a two months' vacation. Visited in San Francisco and the Portland fair.

VITAL RECORD: BIRTHS. DEATHS. MARRIAGES.

Births.—The wife of J. C. Galliher, August 7, 1908, a twelve-pound boy.

PART II—LOCAL SHEET: 10 PAGES

XXIVTH YEAR.

Los Angeles Daily Times

TUESDAY MORNING, AUGUST 8, 1905.

N.B. Blackstone Co. DRY GOODS SPRING AND THIRD SETS.

Fall Styles in Wool Suits

Come today and see the new Fall and Winter fashions in woolen tailored suits; most pleasing styles we've seen in many a season. Coats are long—three-quarter and full length. Prince Albert styles or tight fitting with closed seams down the back. Some with plaited front and back both; balloon or tailor sleeves with deep cuffs; many are shown with rolling velvet collar and turn back cuffs; silk or satin lining to the waist. Skirts are cut wide and full, plaited or gored, worn walking length.

Materials are men's plain worsted suitings or with almost invisible overplaid and checks, or heavy Wale Scotch tweeds. Gray, in all the newest shades, is the prevailing color. Style service, economy and the best of workmanship have been combined to make these suits especially attractive.

\$25, \$27.50, \$32.50, \$35, \$40 and \$42.50

New Fall Waists Of Black Crepe de Chine

Just arrived, styles for Fall wear, made of the best quality material. Tucked and plaited, newest sleeves with the deep matina cuff—distinctively new in every particular.

\$10, \$12, \$12.50, and \$15.00

Kranich & Bach Pianos

Tonal
Superiority.

All great art creations the true value of the Kranich & Bach piano cannot be estimated in dollars and cents. As an investment it is the most economic piano you can make. Its tonal beauties improve with age, its solid and ingenious construction assures its lasting qualities and its exterior design will always charm the eye. The Kranich & Bach satisfies the most exacting professional requirements.

In many styles—Upright, Petite Grand and Parlor Grand \$75 to \$900.

THE PLACE TO TRADE

WATER PROJECT IS FAST MOVING ON.

Council to Take Action Tomorrow Night—Attempt of Promoters to Sell to City Its Own Water—More Offers from Owens River.

THE Board of Water Commissioners had the refreshing experience at its meeting yesterday of entertaining a proposition that it should buy the water supply which it has called its own for well nigh a score of days.

It was not openly stated why this was done, but inasmuch as the communication of the Water Commission

go out that they are opposed to the scheme for securing the great water supply from Owens River. As an earnest of their lively interest in the matter, the Council did the unusual thing of adjourning to meet again on Wednesday night.

The information that the city has obtained options of incalculable value

was done, but inasmuch as the communication of the Water Commission

was done, but inasmuch as the communication of the Water Commission

PUBLIC SERVICE—OFFICIAL DOINGS.

SUMMARY OF THE DAY.

Declining to concur in the removal of the Library Board, the Council yesterday requested the Merchants' and Manufacturers' Association, the Chamber of Commerce and the Municipal League to investigate the present library trouble.

The Council yesterday referred the request of the Water Board that an election be called to ratify the issuance of \$1,000,000 in bonds for the purchase of the Owens River to the committee of the whole.

F. M. Chapman yesterday bought a street-railway franchise covering four blocks of West Sixth Street for \$250.

Spook Howton tried to introduce a yellow-fever scare in the Council.

Deputy Sheriff Charles Schroeder was yesterday arrested at the instance of A. Chamberlain for having committed an assault with a deadly weapon.

Amos Hercules, after fighting off the law for eighteen months, more than half of that time being passed in the insane asylum, was yesterday sentenced to serve a life sentence at Folsom for the murder of Timothy Segura at Redondo in December, 1902.

AT THE CITY HALL.

COUNCIL DODGES LIBRARY ISSUE.

PASSES INVESTIGATION UP TO QUEER "COMMISSION."

Such a body would have no power to summon witnesses or make them testify and result would be a farce—long-winded Lawyer appears for Board.

That library investigation was dumped out of the City Hall yesterday like a yellow dog with a can to its tail and sent begging to the doors of the Merchants' and Manufacturers' Association, the Municipal League and the Chamber of Commerce.

Two executive sessions, before and after taking, did the business. Attorneys acting as proxies for the Library Board, Miss Jones and the Mayor went before the Council and begged to be investigated; but the Council would have none of it.

"I can assure you," came the measured words of Councilman Smith, just when the excitement was highest, "that there will be an investigation." Instantly everybody was happy. There was enough sweetiness in the feminine faces in the lobby and gallery to have started a candy factory.

"But I can further assure you," continued the deliberate Fifth Warden, "that the Council will not do the investigating."

The mercury in the thermometer over the committee clerk's chair hit the bottom of the tube. Lowering eye-brows chased the smile out of the Council chamber and clear across the street. Pierced by shafts from the overintrepid Councilman, sank back speechless in his chair.

In the hall in the main was refreshed. It was like a dip in the breakers at the seashore: the first dash came as a shock, but afterward everybody was glad that Mr. Smith had blundered out the worst right at the start.

Here is the final verdict, reached by the Council after a half-hour's deliberations behind closed doors:

Whereas the honorable Mayor has transmitted a communication notifying it of the removal by him from the office of member of the board of directors of the Library Board of Olaf D. Dockweller, John W. Trueworthy, Foster C. Wright and S. G. Marshut, and the Councilmen, Amos Hercules and L. L. Chamberlain, and whereas it is now resolved, that the Councilmen and they are hereby requested to appoint an impartial and unbiased committee to inquire into the conduct of the Councilman in controversy, this body hereby pledging itself to abide by the determination of such committee.

A short time after this verdict was agreed upon in an executive session held by the Councilmen outside the City Hall before they assembled yesterday morning to listen to the Mayor's message of remonstrance.

Attorneys on both sides had been assured of the probable action of the Council, and what they did was simply to get themselves placed in good position in the Council chamber record,

but to the partisans of both sides who flocked to the Council chamber and filled lobby and gallery to overflowing, the address of the Mayor was the delibera-

tion of the Councilmen of greatest import.

Woman clubdom was there in goodly numbers. She came early and followed the proceedings with dramatic interest.

Miss Jones, who presented during the morning hearing, was there but did not follow the directors to the door of the Council chamber, choosing to remain in the lobby, standing among friends.

But not all the pictures were told in the lobby. Those in the lobby were those of the club women. Three smartly-gowned women, seated just outside the gates to the floor of the Council chamber, cheered for the Mayor when he chattered. Had they not been proof against withering glances the hearing would have ended in a tragedy.

Will A. Harris sat with Earl Rogers at the other end of the chamber.

As Clerk Leelande concluded the Mayoral message, a small chapter of hands and flourish of lace handkerchiefs swept over the lobby. Notay evidence that the friends of the deceased librarian were largely in majorities outside the railing.

A vote of the house would have cost the board their jobs.

BRIEF FOR THE DIRECTORS.

When the applause had a bit subsided Attorney Lawler edged around to the right of the legislative crescent and keeping his back carefully to the millinery display in the galleries, read from manuscript the following defense of the four attacked directors:

Los Angeles, Aug. 7, 1902.

To the Honorable, the City Council of Los Angeles—Gentlemen: This comic-operatic farce of affairs should be considered a serious consideration. The simple fact is that a governing board in this city government is now attempting to cover up its tracks in the investigation for having discharged an employee. It is not pretended that the board claims that it acted irregularly. The board claims that it acted in good faith for cause, and for the better. No evidence has been presented to the contrary. The position therefore of the prosecution (which does not wish to let it stand) is that the board is investigating which can secure and hear all the testimony and pass upon it without being involved

who has friends enough to worry the ap-

petitive power.

We are prepared to prove legally, before any committee, trial, or before the judge, bad faith and absurdity of the agitation, bad policies and our appointment of a successor, also for cause. All we ask of your honorable

body is to act in its best judgment for the good of the city, and to do justice to the employees. We had assumed it to be the duty of this board to act in its best judgment for the good of the city, and to do justice to the employees.

We have thus far been denied such chance.

THE WORD "COMPLIMENT."

Since both these rights and duties are now

fully denied in some quarters, we merely ask the legal opportunity to prove why we are denied these rights and duties by the business men. The full complicity of the Mayor in all these acts of ours is set forth herein. That is the information of the official declassification of the Mayor.

The band that was said to be circulating the paper was very much out of evidence yesterday. If it found any adherents to it, cause it pledged to do the faintest murmur reached the surface.

Judging by the sentiment expressed by persons of all classes who were

RECALL PETITION IN HIDING NOW.

I lay low yesterday—the petition

which is said to be floating around under a cloak of mystery.

No one, even among persons who are disinterested, criticise the Mayor, some of his acts were designed to bring into operation the expensive and foolish recall provision of the charter for the purpose of determining whether his course is approved or disapproved by the people.

The petition and its circulators will

have to get busy and work in the open if they are to reach the large number of voters necessary to bring the recall into play.

The recall movement evidently was a feeler put out by opponents of the Mayor, in accordance with certain threats; but apparently the "feel" has not been satisfactory.

Continuing, the statement attacks

the good faith, the courage and the wisdom of the Mayor and removes the assertion made some time ago by the Library Board to the effect that it

could not in justice to itself, submit the matter to the Mayor to act as judge and jury, for the reason that his numerous utterances have indicated that he has prejudiced the case. Furthermore it is urged that he himself was an indirect party to all the proceedings of the Library Board, and about to be investigated, he had participated in and approved of evidence yesterday. If it found any adherents to it, cause it pledged to do the faintest murmur reached the surface.

Judging by the sentiment expressed by persons of all classes who were

in the embracement of considering his or its liability to be liable.

COULD NOT INVESTIGATE SELF.

Had the Mayor, when he requested your honorable body to institute an investigation that the action complained of was valid, and that the action of the Mayor in all these acts of ours is set forth herein. That is the information of the official declassification of the Mayor.

The band that was said to be circulating the paper was very much out of

evidence yesterday. If it found any adherents to it, cause it pledged to do the faintest murmur reached the surface.

Continuing, the statement attacks

the good faith, the courage and the wisdom of the Mayor and removes the assertion made some time ago by the Library Board to the effect that it

If it found any adherents to it, cause it pledged to do the faintest murmur reached the surface.

Judging by the sentiment expressed by persons of all classes who were

one of the judges. We are not ap-

pearing for position; what we ask is

that there shall be a public investigation; one much has already been done in secret.

EARL ROGERS'S HIT.

Earl Rogers created a slight stir by announcing that "I have the honor to appear before you in behalf of Mayor McAleer." Mr. Rogers read two communications sent to the Council by the Mayor several weeks ago, asking the legislators to join with him in an investigation and the results of which the Councilmen suppressed their willingness to abide by the Mayor's decision.

"On behalf of the Mayor I again renew this invitation," continued Mr. Rogers, "to be invited cause to appear before the Council by the Mayor in all the ways which I have been accustomed to do.

In our communication to the Mayor we advised him of our objection to his action in endeavoring to compel the attendance of witnesses or to compel their giving evidence before the Council by his power as chief executive of the state, and to his right to demand that the Council should be compelled to accept his application for an investigation.

It is the real reason why we are to be "panicked" yet we would probably make the same mistake. We have been informed that this procedure was because the board was afraid of the light, can find out by

INVESTIGATION DEMANDED.

We therefore respectfully ask your honorable body to make an investigation to see if there is any violation of law or of public interest which we have been

accused of, and if so, to take steps to correct the same.

From motives intelligent, or otherwise, we would better

filled by some one else, we used the utmost

care in making the changes in date to the original application. The Librarian is a man, the procedure would have been simplified, and the date of the original application would have been omitted.

HOOK MAKES HOT RECORD.*Four Hours and Thirty-five Minutes from Potter.**Big Blue-devil's Speedy Clip from Santa Barbara.**Now of Another Great Endurance Contest.*

Among the participants in the strenuous endurance run of Saturday, there was little talk yesterday, save gossip of the journey and plans for other auto runs and endurance.

In spite of the fact that rules were made and in the face of the knowledge that many could not resist the temptation to exceed the limit of fifty miles an hour on the run up the coast, everybody was jubilant and reported having had the "time of their lives."

All were agreed that the route over the hills to Santa Barbara is one of the finest in Southern California and in the near future other spins will be given which promise greater success than the one just passed into history.

"Old Bill" Nevin rolled into town yesterday afternoon, covering his miles with a somewhat hidden by a coating of dust. Bill prides himself in having taken his time along the route. He left the Potter at 7:30 yesterday morning and loaded the road arriving in time for supper.

The luck that followed "Old Bill" on the run of Saturday did not forsake the big Rambler on the return trip. At 7:30 yesterday morning he was a winner from the records of his disastrous journey of Saturday by clipping off a mere minute on the way down. Coming up the Coast, Potter had a "Good Hoodoo" with a Peacock machine driven by Rufe Turner that was making the run leaving home.

PRODUCTS—The Citrus Products Company of Southern California incorporated with a capital stock of \$100,000, of which \$700 has been paid in. The directors are: W. E. Nichols, Pomona; C. H. Claremont; V. W. Baker, Los Angeles; D. S. Teague, Elmer W. B. V. A. Johnson, San Dimas, and James Sgrena, arm West Glendale, and a sum of \$50.

TUCKER DIVORCE—D. Tucker was granted a divorce from his wife by Judge Tracy yesterday on ground of desertion. The couple married at Colorado Springs last year and the year following to this city. For some time they lived in a restaurant at 435 South street, but the cruelty of the last year culminated in Tucker's leaving her openly in the restroom when leaving home.

PRODUCTION—The Citrus Products Company of Southern California incorporated with a capital stock of \$100,000, of which \$700 has been paid in. The directors are: W. E. Nichols, Pomona; C. H. Claremont; V. W. Baker, Los Angeles; D. S. Teague, Elmer W. B. V. A. Johnson, San Dimas, and James Sgrena, arm West Glendale, and a sum of \$50.

ARTICLE—The Import Manufacturing Company has incorporated with a capital stock of \$100,000, the full amount has been paid in. The directors are: J. F. and W. A. Hoisington, and O. Loebel, Los Angeles.

RIDER CHARGED—A complete trial yesterday in Justice Court charging Asst. City Clerk of Los Angeles, John C. Vela, with being drunk in Chatsworth Park. This is the second trial of the man who has been left alone in the home being guarded by Corrasco as attacked by Vela.

FINISH—The Sollemon and Finch Company has incorporated with a capital stock of \$100,000, of which \$25,000 has been paid in. The directors are: W. C. Barrett, Los Angeles; D. R. Hobart, and H. M. Dodge, Los Angeles.

NEW MARK.—

King-Main Cast and Foundry Rogers, attorney for the Los Angeles Society could not be present yesterday, and District Attorney Ricks said that his office was continuing until today. The trial was continued until today. The defense was again stated yesterday that the complaint was not the constitutional question to be dealt with for the complainant was not in the city.

COOKING AND MILLING—The Mountain Consolidated Company has incorporated with a capital stock of \$1,000,000, of which \$100,000 has been subscribed. The directors are: D. and F. C. Sargent, manager, G. R. Ingalls and A. Smith again stated yesterday that the constitutional question to be dealt with for the complainant was not in the city.

COOKING WITH GAS—There's always something new at the gas-office with nothing but explain about burners and stoves. Be sure to go in whenever you

RUHLIN FULL OF CONFIDENCE.*He is Pink and About Two Hundred Pounds.**McCormick's Work Shows His Form is Good.**Olympian Team Cup Golfing. Tennis at Boston.**BY DIRECT WIRE TO THE TIMES.]**SAN FRANCISCO, Aug. 7.—[Exclusive Dispatch.]*

Ruhrin is in fine shape for his fight with McCormick Friday night. He looks to be in the pink of condition and will go into the ring weighing about two hundred pounds, which will probably be from five to ten pounds more than McCormick will weigh. He has cut boxing out of his work, and will confine himself to road work and light exercises in the gymnasium for the remainder of the week. He is full of confidence, and says that after he has won from McCormick he will remain in California and meet anyone that wants a battle. Marvin Hart being the preferred one.

There was a tremendous crowd out at Sheehan's to see big Jim McCormick go through his paces yesterday afternoon. He showed good form in his work.

*GREGGAINS SEEKS TALENT.**GARDNER IS SIDESTEPPING.**BY DIRECT WIRE TO THE TIMES.]**SAN FRANCISCO, Aug. 7.—[Exclusive Dispatch.]*

Alex Greggains, with the August permit in his hands, is almost in as bad shape as the man with the white elephant. While he has the permit, he as yet has no match to fill it. He had counted on having Gardner and Ryan, after Jimmy had won from Rufe Turner, but there now seems to be some sidestepping, principally on the part of Gardner.

There have been no replies to the telegrams sent to Marvin Hart, and neither have Billy Melody and others to whom telegrams were sent responded. Greggains now says that in the event of the eastern stars falling, he will try to get some of the local stars for a triple event.

*LATONIA RESULTS.**CINCINNATI, Aug. 7.—Seven and a*

half furlooms: Handy Bill won. Lady Lou second. Omaha third; time 1:49½. One mile and seventy yards: Fonsalua won. Grappler second. Saranac third; time 1:52.

Five furlooms: One won. Flossie second. Rosalini third; time 1:04 3-5.

Steeplechase, short course: Shackleford won. Evander second. Lights Out third; time 1:04 4-5.

Five furlooms: Roma won. Mandator second. Yazed third; time 1:04 2-5.

*HOW TEAMS STAND.**BY THE ASSOCIATED PRESS-P.M.]**CHICAGO, Aug. 7.—W. J. Fowne's*

team of Western Pennsylvania Golf Association players won the Olympian team cup event after an all-day battle, by the score of 655, defeating the Western Golf Association quartette by five strokes. W. J. Travis' four, representing the Metropolitan Association,

was third, with a total of 664. Other teams made the following totals: The Pacific team finished with 710, and the St. Louis and Wisconsin association teams withdrew after the morning round.

Forty-eight golfers began the play in the morning round of eighteen holes, and a final round of eighteen holes for the eleventh United States Golf Association championship will be played. There are 136 entries for the championship. Wednesday, the concluding eighteen holes will be played, and the best thirty-two will qualify for the match play.

OLYMPIAN TEAM CUP.
CHAMPIONSHIP PRELIMINARY.
BY THE ASSOCIATED PRESS-P.M.]

WALTHAM (Mass.) Aug. 7.—Under cloudy

skies and over fast course, play began today in the Olympian team cup contest, preliminary to the United States golf championship at the links of the Chicago Golf Club. Teams of four from a dozen organized golf associations entered for this competition, thirty-six-hole medal play on a team total basis.

Capt. H. C. Egan of the Western Golf Association, it was decided, would play twice around the Chicago links with Walter J. Travis, the leader of the Metropolitan Association, and when this pair started today, there was a good gallery. Yesterday Egan made a brilliant seventy-two-on the course, coming within one stroke of tying the record of Norman Hunter. He is full of confidence, and says that after he has won from McCormick he will remain in California and meet anyone that wants a battle. Marvin Hart being the preferred one.

There was a tremendous crowd out at Sheehan's to see big Jim McCormick go through his paces yesterday afternoon. He showed good form in his work.

*REO RUNS.**BY DIRECT WIRE TO THE TIMES.]**SAN FRANCISCO, Aug. 7.—[Exclusive Dispatch.]*

Reo runs about, a winner of The Times trophy cup, with R. K. Hitchins, who made the run.

C. Newton, 88; W. Frederickson, 87; Walter Fairbanks, 89; total, 351.

At the end of the nine holes of medal scoring, H. Chandler Egan had totalled 39 and Walter D. Travis, 40.

MOTOR CYCLISTS' RUN.
BY THE ASSOCIATED PRESS-P.M.]

WALTHAM (Mass.) Aug. 7.—Of the

thirty-eight motorcyclists, who left New York this morning on a 250-mile endurance test to this city, twenty-one arrived together at 7:30 o'clock tonight, and six others came in ten minutes later.

TENNIS AT BOSTON.
NEARLY A HUNDRED PLAYERS.
BY THE ASSOCIATED PRESS-A.M.]

BOSTON, Aug. 7.—Nearly 100 of the best tennis players in the East were on the entry list for the singles event in the seventeenth annual tournament of the Longwood Cricket Club, which started today.

Lucky New Yorkers.
NEW YORK, Aug. 7.—[Exclusive Dispatch.]

The New York Americans, in defeating St. Louis for the fifth consecutive game today, made their twelve straight victory. They open with Chicago tomorrow. Clark Griffith, the New York manager, is dangerously ill from ptomaine poisoning. Hal Chase was again the star in today's game.

Vanderbilt's Limousine Winner.
CAEN (France), Aug. 7.—W. K. Vanderbilt's Limousine won the Western Railroad Stake here today.

HARTLEY ON AUTO CHASE IN SAN BERNARDINO.

Files Application With Colton City Trustees and Then Spreads to County Seat With Another One. Route Proposed Penetrates Where Santa Fe Now Has Territory.

(BY DIRECT WIRE TO THE TIMES)

SAN BERNARDINO, Aug. 7.—[Exclusive Dispatch] Seth Hartley this evening applied for a franchise for an electric railway both at Colton and San Bernardino. After filing his application before the Colton trustees he leaped into an automobile and sped here, where a similar application was filed before the City Council.

Tomorrow an application for a similar franchise will be filed with the Supervisors, which will outline the right of way between here and Upland, connecting with Blythe, Elsinora, Idyllwild, Hemet, North Cucamonga and Etihadia, tapping a rich agricultural region where the rail transportation has been heretofore controlled exclusively by the Santa Fe.

Two significant features about the applications are that they include a freight-carrying privilege and route the terminals at First and F streets in this city, connecting with the Salt Lake Railroad. The line in Colton is to start at the south end of town on First street, run north to L Avenue and east on A to the end of the street. From there a private right of way is to go to the south limits of San Bernardino, which city it will enter at the intersection of First and G streets, thus connecting with First.

It will also commence on First and run east on First to F, thence north on F to Third. Between here and the Colton road it is to touch Urbita Springs, which will be brought a little over a mile nearer to Colton than by the Traction line. A 5-cent fare is

HUNTINGTON BEACH.

PREPARING FOR VETERANS.

HUNTINGTON BEACH, Aug. 7.—The commander of Camp Gen. D. E. Slicker has issued the call for the eighteenth annual encampment of the Southern California Veterans' Association, which is to be held at this beach September 15 next.

"Here is the encampment close in, cheap rate of fares, fine camp accommodations, and it is up to you to turn out and make this the largest and best camp ever." These are the words of A. B. Paul, commander.

It is intended, as far as possible to place each town in a street by itself so that friends can be together. In order to carry out this it is necessary that the quartermaster, James E. Mack of Bloomington, Cal., be advised how many persons are going from each place.

Every concession asked for by the veterans has been made by the Board of Trade and a low rate of rental will be charged the tents.

Transportation on the railroads will be given for a fare and a third and the Pacific Electric railway will carry free, all baggage from Los Angeles. There will be a restaurant on the camp grounds, mail delivery from the postoffice, and persons having their own teams and teams will find plenty of room to put up tents and for horses and wagons.

That no name shall be missing from the call of the last roll of honor at the Memorial Sunday services, all Posts and Veterans and Sons of Veterans are requested to send names of deceased members to the adjutant, J. W. Smith, Santa Ana. All Corps Circles, members of Ladies' Auxiliary should send names to the secretary, Mrs. Ella Van Horne, No. 515 Pasadena avenue, Los Angeles.

The town of Huntington Beach will put forth a strong effort to entertain the veterans here, which connects Redlands, Highland and Colton to San Bernardino.

ANOTHER WELL FOR CITY.

Work on the new well to be put down by the city on its Antil tract will commence tomorrow, if the plans of the contractors are not interfered with.

Contractor Gansner looked over the ground yesterday, selecting the point at which the well will be pierced, and announced that by this evening the machinery for the drilling will have been delivered on the tract.

By the completion of this well the city hopes to add at least 100 inches to the domestic supply, and there is reason to expect that the increase will be materially above that figure. The Water Commissioners, like those of Los Angeles, believe that the one great need is for a greater water supply, and this now is the time to secure it, as private wells are being drilled up every drop of water possible.

Besides the development of the Antil tract, which is but a few small acre east of town in the water belt, it seems certain that the city will secure other water sources in the near future, the big water deal of the Los Angeles corporation recently made public, having aroused the people of this section to the immediate necessity for controlling the water sources of this vicinity.

The three wells at the Antil plant are to be drilled daily, besides which the city draws 150 inches from its interest in Lytle Creek, but the growth of the city is such as to lead the commissioners to preparing for the future.

"Water at any price is cheap," is the way out, the pricing citizens of this city refers to the work of the Water Commission, and that is the sentiment here, where it is realized that the future of the town depends upon the domestic water supply. Just now San Bernardino has more water works than the towns of the State, and there is an abundance of water, which is indicated in a wealth of beautiful lawns and flower gardens, but the city needs more if the growth of the town is to continue.

THE FIRE DEPARTMENT SIZZLE.

The city fire department is all torn over the fire at the new firehouse, Dr. Houck, \$2000 residence in Del Campo tract; H. W. Chynoweth, one of the finest residences in the city; O'Connor, residence, 1250 Olive street; on Olive street; William Heying, residence in Del Campo tract; Phillip Zachman, residence at Lemon and Santa Anna streets; H. Hayward, residence; Mr. Gebert, \$2000 residence near the grammar school buildings; the old Del Campo Hotel grounds have completed two cottages and will erect two more immediately.

Miss Alice Hatfield, daughter of Mr.

RIALTO.

WORKING FOR THE BONUS.

RIALTO, Aug. 7.—In the proposed electric road to the county seat, has been on the increase since Seth Hartley returned from Port Chester, New York, to Rialto, residence, on Olive street; William Heying, residence in Del Campo tract; Phillip Zachman, residence at Lemon and Santa Anna streets; H. Hayward, residence; Mr. Gebert, \$2000 residence near the grammar school buildings; the old Del Campo Hotel grounds have completed two cottages and will erect two more immediately. Miss Alice Hatfield, daughter of Mr.

Charles D. Willoughby, the youth whose stepfather desired to send him to the Whittier Reform School, and who failed to appear in court when the case was set for further examination this morning, was arrested this afternoon. The bonus committee, property owners have responded promptly to the circular letter showing the advantages to be gained by increase in values of property and otherwise. The committee is hoping that the owners will respond without being called upon.

SAN BERNARDINO BRIEFS.

Charles D. Willoughby, the youth whose stepfather desired to send him to the Whittier Reform School, and who failed to appear in court when the case was set for further examination this morning, was arrested this afternoon. The bonus committee, property owners have responded promptly to the circular letter showing the advantages to be gained by increase in values of property and otherwise. The committee is hoping that the owners will respond without being called upon.

ANAHiem.

MANY NEW HOMES.

ANAHiem, Aug. 7.—More residences are now in course of construction than at any time before in many months, and the following named persons are to begin work at once on new buildings: Joseph Backs, \$1600 residence; L. Madsen, cottage on Emily street; Dr. Houck, \$2000 residence in Del Campo tract; H. W. Chynoweth, one of the finest residences in the city; O'Connor, residence, 1250 Olive street; on Olive street; William Heying, residence in Del Campo tract; Phillip Zachman, residence at Lemon and Santa Anna streets; H. Hayward, residence; Mr. Gebert, \$2000 residence near the grammar school buildings; the old Del Campo Hotel grounds have completed two cottages and will erect two more immediately.

Miss Alice Hatfield, daughter of Mr.

Dr. Lyon's PERFECT Tooth Powder

Cleanses and beautifies the teeth and purifies the breath. Used by people of refinement for over a quarter of a century. Very convenient for tourists.

[NEWS REPORTS FROM TIMES CORRESPONDENTS.]

HOODOO SPELL ON PLUMBER.

ILL LUCK TWICE BEFALLS PASA-DENA MAN.

is Knocked from His Bicycle in Electric Car Collision and That Accident is Followed by Dropping of a Brick on His Head—Technical Defense of Former City Electrician.

PASADENA, Office of The Times, 29 South Raymond avenue, Aug. 8.—W. H. Hawkins, residing at No. 127 North Mentor avenue, is apparently a North man with a hoodoo. Twice within the past three weeks he has been subjected to accidents of a more or less serious nature and the one which befell him yesterday will incapacitate him for a number of days.

Hawkins is a plumber, aged 30, in the employ of the Graham-Sallibay-White company at No. 15 East Colorado street. Yesterday afternoon while at work on a new house being erected at the northeast corner of Orange Grove boulevard and Madeline Drive he was struck by a brick falling from the walls above, the missile striking him near the crown of the head. The blow, however, was only a glancing one, else a fracture of the skull would have resulted. As it was the victim suffered a painful scalp wound, and he will be in bed for many days in recovery.

An ambulance was summoned and Dr. Rowland, who is attending him now, says he will recover.

The City Commissioners yesterday afternoon at a fifteen-minute session, appointed P. C. Huddleston, Clarence Hudleston and J. W. West as members of the fire department. T. S. Palmer, a made patrolman on recommendation of Chief of Police Pinkham.

Former Policeman W. S. McIntyre, who retired from a long and efficient term of service on the force Saturday to become Deputy City Treasurer, says he will receive a pension.

MAKING HARD FIGHT.

Backed by the influence of wealthy relatives, three different lawyers are making a determined fight in Judge Congdon's court to keep A. T. Dixey from going to the "pen." And, judging from the progress of the preliminary examination yesterday, the outlook for the ex-city electrician whom

Waterhouse accuses of embezzling public moneys. The whole battle line of the defense is bristling with technicalities.

When court adjourned at 5 o'clock yesterday afternoon it was scheduled to resume at 9:30 o'clock Wednesday morning and Maj. Donnell for the prosecution had requested the issuance of a subpoena for former City Treasurer E. P. Hopkins. Wise ones are saying that he must be up to his old tricks again politically at odds with Mayor

Waterhouse, it is possible the latter may find some difficulty in inducing them to act as a good witness. The ex-city officials are ready to identify the stub book from which it is alleged the defendant took a receipt-stub for \$10. It is charged he failed to turn the book over. When the book was produced in open court yesterday afternoon the prosecution failed to get anyone to testify to the satisfaction of the court. In fact, the greatest difficulty of the day was known to have been with the fact the present trial of all the men who were in the City Hall at the time of the alleged offense of breaking and entering.

Auditor Kernaghan testified that he was not in office at the time of the alleged defalcation and therefore knew nothing of the mooted receipt-book. Deputy Auditor Kellogg, who was a member of the old auditor's staff, said he had positive evidence to back his contention as having passed through his hands and upon examination said that it contained the mark of former Auditor Hopkins.

City Treasurer Munson likewise could do nothing for the prosecution as he was in office at the time.

Mayer Waterhouse's testimony was given because he was not Mayor at the time of the alleged offense and therefore could not satisfy the law that state. Dixey was city electrician at that time. City Clerk Dryan settled that point, but not the responsibility of the defense's objections. Three of them—Lawyers Holland and Powers of Los Angeles and Justice Rosister of Pasadena—nearly objected Maj. Donnell out of hand and, because of their clever building up of technicalities around the defense, the court was compelled to accede to their demands.

CLAREMONT.

BY-PRODUCTS SCHEME DRAWS.

CLAREMONT, Aug. 7.—A good deal of interest is shown by fruit growers in this vicinity in the company which has just been formed for the manufacture of by-products from fruits and vegetables. The articles of incorporation were received this afternoon, Willard S. Jones and C. B. Sumner of Claremont are officers of the new corporation which is to be known as the California Growers Association.

Mr. Munson likewise could do nothing for the prosecution as he was in office at the time.

Dixey's wife sat next to him in the courtroom and Mr. and Mrs. Dixey, who sat just outside the railing, accompanied by the defendant's sister, Mrs. J. G. Burgess and her husband, Burgess and the elder Dixey are in custody in San Diego.

PAISE ACROSS THE SEA.

"Ioh Dien," a tourist journal printed in Berlin, in its July issue publishes a flattering account of the beauties of Crown City, written by Arthur Arnal, a special representative of that publication who spent several weeks on a visit there. The text of the article treats of Pasadena in a way to interest the thousands of tourists who include Berlin in their itinerary, and incidentally speaks of Pasadena as the real center of Southern California as if Los Angeles were not the map. Much of the credit for the information contained in the article is due Secretary Coolidge of the Board of Trade, and the fact that the magazine is printed in several languages, and circulates all over Europe, should constitute an excellent advertisement for the Crown City.

SMALLPOX ALL GONE.

The last vestige of any smallpox in Pasadena is gone. The disease was raised out today when the quarantine was placed upon the house of J. Simpson, 1000 North Raymond avenue, East Pasadena. The amount of the local public health is \$10,000. There are 10,000 volumes in the library and books are constantly ordered.

A number of Pasadena men and boys will be employed at the new stonemasonry factory there. Owing to the limitation of the beet crop the season is late, but work will be commenced in a week or two.

Charles J. Dreher has returned to Palermo after visiting relatives here.

REPORTED BURGLARY.

The residence of Sylvanus Bracken at 101 Maple street was burglarized on Tuesday evening, and a gold ring and an unset diamond and the articles missing. When the family returned they found the house had been entered from

WATER.

(Continued from First Page.)

River project, here presented to your notice, was of such overwhelming promise than any or even all of the others combined, that when the fact was presented to us and fully considered and discussed we had no hesitation in ratifying their judgment.

A very important factor to be considered in connection with this project is that it does not despoil any of the adjacent agricultural country tributary to the city. Our failure to accept any of the new water projects which have been either offered to or considered by us, simply leaves such waters, if they have any practical value, to be used in further development and enrichment of the surrounding country.

We have a map, and within a few days will present to your honorable body, a map showing all the properties so far secured by us under options, and will accompany the same with a list in detail of the prices we agreed to pay for each, together with all other details of every transaction involved in this proposition.

Our negotiations for the purchase of those lands and water rights were carried on with the greatest secrecy as to the ultimate intention of the purchasers, and so far as the figures will disclose, the total amount of properties at valuations based on their lasting value as mere agricultural propositions in a valley that has not shared the recent general prosperity of the State.

Our engineers estimate that the aggregate mean annual flow of water from the properties now under option to us will yield at least 20,000 inches of water, from which it will be seen that the water does not average in price more than \$65 per minute's inch. The water, however, which fortunately occurs in the summer months, during our period of greatest need, will be much in excess of this.

This water will have an intrinsic value of at least \$100 per inch when delivered in Los Angeles county. Its value indicates the future prosperity of the country in broad proportion. We have had a corps of surveyors in the field for six months surveying the route by which this water is to be conveyed to Los Angeles, and find it to be not alone a practicable one, but one of simple engineering.

These surveys have been enough to enable an estimate to be made approximating very closely the cost of such a structure, and we are assured that the work can be carried to the point of delivering this water in the Fernando Valley for about \$21,000,000.

These figures contemplate the construction of a covered concrete conduit with a capacity of 30,000 miner's inches all the way, with the exception of the tunnel sections of the line. [President J. A. FAY, Jr., President of the Board of Water Commissioners.]

Superintendent Mulholland said yesterday that the total distance the Owens River water would have to be carried is 80 miles, about fifteen miles farther than the distance between the two points in a direct line.

He also figures out a great saving in a long excavation, running northward from Mojave to the foot of the mountains west of Palmdale. Crossing the desert direct, practically in line with the Southern Pacific railroad, would require the erection of an expensive pipe-line, which would project south of the higher ground. Mr. Mulholland declares can be built at a cost of 4 cents per yard for excavation.

HAPPY WORDS FROM NORTH.

SAN FRANCISCO COUNTY, AND CITY CONGRATULATE US.

Pleased to See Los Angeles Acquire Water Supply Placing it in First Rank of World's Cities, and Encouraged Through Precedent Established by Federal Government.

TRY DIRECT WIRE TO THE TIMES! SAN FRANCISCO, Aug. 7.—(Exclusive Dispatch.) A resolution was introduced at the meeting of the Board of Supervisors congratulating Los Angeles on acquiring water rights adequate to supply the great and growing South, and expressing confidence in the future growth of this wonderland. The resolution follows:

"Whereas, the city of Los Angeles, State of California, has acquired water rights entitling it to bring 39,000,000 gallons of water per day from the eastern slope of the Sierra Nevada Mountains; whereas, it is proposed to carry salt water a distance of 240 miles, in order to supply the city and its surrounding territory with water; whereas, salt water is drawn from sources of undoubted and inviolable purity, to-wit: From the granite slopes of Mt. Whitney and the ranges of the Sierra Nevada Mountains; whereas, in order to render available this supply of water, first of all for domestic purposes, the United States government relinquished its contemplated plan of utilizing said waters for the Owens River reclamation project, so that a teeming population, which has built up a wonderland in the arid lands of southeastern California, may realize its marvellous improvements, the limits of which had been practically reached by the utilization of its former water supply; therefore, be it

"Resolved, that the Mayor and the Board of Supervisors of the city and county of San Francisco congratulate the municipal government of the city of Los Angeles on the acquisition of this water supply, which in quality, quantity and distance of proposed conveyance, places it in the first rank of the cities of the world; and be it further

"Resolved, that the precedent established by this act of the United States government, as advised by its engineers, in relinquishing its project relative to this water, convinces this board that the claim of the city of San Francisco to store and ultimately deliver the 39,000,000 gallons of salt water of the Tuolumne River through an aqueduct 200 miles long, for the use of the greater San Francisco, must in the very nature of its justice and necessity be granted; and be it further

"Resolved, that copies of these resolutions be sent to the President and the Congress of the United States, the United States Reclamation Service and the Mayor and City Council of the city of Los Angeles.

How Many Years Have You to Live?

The Great Actuary said that man's years were never; man makes his longest life to be one hundred. All should live a hundred years. Learn the laws which govern healthful life; study accurately the century. I teach them in my physical culture lessons, and it doesn't cost much to learn them, and will lead to practice them. EVENTS IN LOCAL SOCIETY.

TWO of the fairest of brides-elect were guests at a luncheon given on Saturday.

One was Miss Mae Macleish whose engagement is announced to Fanford Cobb of East Orange, N. J. Miss Macleish is a daughter of Dr. and Mrs. A. L. Macleish of No. 357 South Alvarado street and is favorite with local society, though she is a rather quiet and retiring girl and cares for her home more than social distinction. Her wedding will take place some time in the early fall.

The other guest of honor was Miss Louise Brigden of Lamanda Park whose engagement to Ross Morgan, attorney, son of Edgar E. Galbraith, attorney, was recently announced.

The luncheon was given by Miss Ethel Whittaker of West Eighteenth street, mother of Miss Brigden, who is to act as maid of honor at the wedding of her cousin which takes place on next Tuesday.

The dainty table decorations were in pink and white, flowers and shaded cards giving the effect. Beside hostess and guests of honor there were present: Mrs. Charles Fox, Miss Edith Whittaker, Miss Beaumont, Miss Dorothy Fagge, Miss Nelson Macleish and Miss Pearl Thornton.

Engagement and Card Party.

The engagement of Miss Jeanette A. Heurlin, daughter of John O. Heurlin of Burlington, Iowa, to Dr. Will E. Sibley of Los Angeles is announced. The card party will take place this evening. Miss Jeanette Heurlin entertained a company of friends with an informal whist party at the Hotel Sheldon recently. Those present were: Mr. and Mrs. C. W. Cook, Mr. and Mrs. A. Waterman, Mrs. M. E. Briggs, Mrs. W. R. Knudson, Mrs. K. M. Madsen and bride, Mrs. T. Jenkins, Miss Baldwin and Messrs. L. R. Myers, J. B. Henderson, Lucas and Dr. Maiden and Mr. and Mrs. Randolph H. Miner and Mr. and Mrs. George J. Denis. Miss Adeline Brown is also Mrs. Banister, Miss Dorothy Fagge, Miss Nelson Macleish and Miss Pearl Thornton.

Sunshine Card Party.

The excellent home of Mrs. H. W. Pitch, No. 2812 Harvard Boulevard will be the scene of a pretty card party on next Monday afternoon, given in the interest of the Sunshine Society. Mrs. W. W. McLeod of West Eighteenth street, president of the club last week at their regular meeting before her departure for a summer outing.

Sunshine Card Party.

The engagement of Miss Jeanette A. Heurlin, daughter of John O. Heurlin of Burlington, Iowa, to Dr. Will E. Sibley of Los Angeles is announced. The card party will take place this evening.
